4. To see if the town will vote to raise and appropriate the sum of two thousand dollars (\$2,000.00) to renovate the firehouse and to purchase a tanktruck.

6. To see if the town will vote to authorize the

7. To see if the town will vote to accept a deed from Irving W. Hersey conveying to the town a highway easement three rods wide commencing at the southwesterly end of the old town highway laid out May 11, 1924 (as recorded in Secretary of State's Town Records of Town of Tuftonboro Book 1, Page 270) and extending in a southwesterly direction to the Tuftonboro - Wolfeboro town line, encompassing at all times within the limits of the deeded highway easement the existing traveled portion of highway between said points, the north westerly line of said deeded easement to extend at least to the natural highwater mark of Mirror Lake at the two openings in the lakeshore bank near the Hersey cottage; and to see if the town will delegate to the selectman the power to approve or disapprove the form, conditions and provisions of said deed, the courses of the highway easement to be conveyed therein; and to authorize the selectmen in the name of the town, if they approve, to accept said deed in writing, their written acceptance to be conclusive evidence that such deed conforms to this article and the authority herein delegated.

REPORT OF FOREST FIRE WARDENS

The fire season of 1953 was not a very pretty picture. It started out in fine shape with plenty of rain during the spring months. The month of June was the end of the rains and then a period of dry weather. During June we had quite a few lightning storms without any rains. On June 21 and 22 we had one of these storms that started over 43 fires in this state including the Mt. Shaw fire.

People burning without a permit or burning in unsafe places or at unsafe times were the cause of our largest number of fires. It is hard to believe why people do this when they have the expert advice of their town warden who is as close to them as their telephone. Your town Forest Fire Warden is not going to stop you from burning your rubbish or your old fields, but he wants you to burn in a safe place and at a safe time. You must remember it is unlawful to burn without a permit from your Forest Fire Warden.

We have inherited a tremendous responsibility in the priceless treasure of our natural resources. To keep these natural riches we must guard them from all destructive agents. The foremost among these agents is Fire — man's best servant but worst enemy.

**REMEMBER — ONLY YOU CAN PREVENT
FOREST FIRES!**

LIBRARY REPORT

During the past year the Tuftonboro Library has had a circulation of 1516 books an increase of about 600 over last year's figures.

Through the State Library Bookmobile, which visits the Library every two months, 259 books have been borrowed. Apart from these there have been special requests for 76 books which were obtained from the State Library.

It is interesting to note that only 127 books were borrowed from May to October when the Library was open at the Grange Hall. The remaining books were brought to the borrowers by the Tuftonboro Bookmobile which was in operation from January to April.

This Bookmobile has been maintained by the following volunteers who have been most generous with their time and their cars:

Mrs. Earl Anderson
Mrs. Forrest Hodgdon
Mrs. Norman Hooghkirk
Mrs. Joseph Tripetti

Respectfully Submitted,
Katherine M. Severance

B. REPORT FROM YOUR SUPERINTENDENT

American citizens, I think, agree with professional educators, that the purpose of education is the development of each individual for the fullest participation in the American democratic way of life. This is a pretty big order. As our economic system changes from agricultural, independent type to an industrial, interdependent system, preparing the good citizen becomes more difficult. As our outlook changes from national pride to international leadership, the teaching of history, current events, and an understanding of the soundness of the democratic ideals makes education more complex. As we learn that democracy should apply to all phases of American life, economic, and social, as well as political, our task becomes more demanding. We can define our goals in terms of the democratic ideal; but we discover this is much easier than putting them into practice. "Education does not mean teaching people what they do not know; it means teaching them to behave as they do not behave."

Tuftonboro is operating a successful school for its children. It is paying for good education at Brewster Academy. Yet, your teachers and superintendent will readily admit there is room for improvement. The complexity of living and the ever-changing needs of our boys and girls, make perfection a fleeting goal.

INSTRUCTION

We recognize as a definite improvement, the addition of a fourth teacher. Classes of twenty-five can be taught so much more effectively than larger classes, especially since each teacher has two

grades. Our teachers are experienced and conscientious. We are most fortunate in having them at this time of great national shortage. I urge the parents and community to show their appreciation.

Some national publicity has given an erroneous impression of educational goals. We are constantly striving to increase mastery of the three R's. Our testing program, though it shows up occasional weakness, proves that we are attaining the skills of reading and arithmetic. We are not discounting the importance of good handwriting and correct spelling. We want to learn the facts of history and geography thoroughly. But we realize that the application of facts to developing good attitudes and behavior is most important. Communists seem well grounded in information about the U. S. Constitution but certainly their behavior is most deplorable.

Our community supplies us with an adequate quantity of new books, work-books, film strips, lumber, paper, and other educational materials. We know that you want to continue to put in the hands of your children the best instructional aids. These do not guarantee good training, but they help.

We look forward to a broader high school program for our older youth. A shop program and physical education activities will be added at Brewster Academy for the school year 54-55. An increase in tuition rates from \$225 to \$275, is justified, as this amount is still less than the New Hampshire average of two years ago.

Some of us are disappointed because the extent of participation in instrumental music was so

limited it does not warrant more emphasis. Vocal music instruction is continuing with satisfactory results. We are sharing teachers of home economics and industrial arts with Carpenter School to give our older children an opportunity to discover their talents, and establish the ground work for handicraft or saleable skills.

BUILDING MAINTENANCE

We have a fine school plant, and are trying to keep it in very good condition. Our janitress keeps the building clean and sanitary. Floors are regularly treated with seal and wax to improve appearance and protect against wear. The grounds look well at all times.

As repairs are needed, they are completed. Presently a new flag pole is being obtained, to replace the old one which was removed for reasons of safety. Last summer the outside basement windows were painted to preserve the wood. A roof gutter was extended to prevent leaking and rot. An entrance way was repainted. Plumbing repairs were made. A cover to the basement entrance is now being built to keep out the storm and prevent decay of the basement door and casing. Swing seats, chains, and teeter boards have been replaced for greater safety.

A new gas hot water heater was added as an auxiliary unit for spring and fall use. A section of the basement was improved by re-wiring and lighting to serve the needs of home economics. During the last Christmas vacation, the ceilings of two classrooms were painted white. This improved lighting so much that the addition of new fixtures is not necessary.

Tax dollars spent in maintaining our school property are wisely spent.

AUXILIARY SERVICES

We recognize that the health of our children is of major importance. We share in the cost of the Wolfeboro district nurse, so we may have her regular services. The thorough physical examination of alternate grades has become an annual affair. I encourage all the parents to permit their children to share in this service. We can find the physical difficulties and parents can have them corrected before they become of serious proportion.

We are pleased that yearly dental clinics have resumed. Red Cross funds, parents' contributions and some school district money will result eventually in improving a very poor dental condition. If all work that needs to be done for the school year 53-54 can be completed, continuing clinics will not need to be as extensive.

We have a very fine transportation service. Conscientious and careful drivers see to it that our children get to school safely and punctually. The high school transportation that you provide to Brewster Academy contributes much to the goal of educational equality.

FINANCES

A few high school pupils have not taken advantage of district funds appropriated for tuition, have left school, or moved from town. We can anticipate a balance of \$1,000 which will apply to reduce school taxes for the 54-55 school year.

The budget for the next school year is higher. There are two primary reasons: Increase in tuition, and increase in salaries. Both are unavoidable if we are to keep our teachers and enlarge our high school program. Your board members are conscientious and careful people who consider the needs of your children as related to the dollars you provide for their spending.

As we seek to maintain the gains in education that we have made, and look forward to adjustments and improvements that may be desired, let us think to be grateful for the free public schools we have for our children.

Sincerely,

JOHN WILMAN DAY
